Hi Ayn – I'm not in tomorrow, but I'm in all week next week if you'd like to meet up.

There's a possibility that Doug is already heading to the Kalispell area in June. I can check on that further.

Did you hear back from the State Dept./Canada/EPA mtg yet?

Thanks! -Kim

Kim, it would be good to catch up on Kootenai consultation path forward. Are you by chance in tomorrow? If not I'll look to set something up next week.

Ayn, see Kim's note about Doug's availability for consultation with CSKT. Would you think about and discuss with her teeing up with Doug whether and when he'd be part of consultation?

Thanks Bert! Of note, if we would like Doug to participate in this consultation, if the consultation with CSKT and the Kootenai Tribe of Idaho moves forward, we expect that June & July will be very difficult to get something set up for him. It's not impossible, but the options are slim at best.

Thanks again for the email and for the additional detail! – Kim V.

Kim, you have, listed below, the consultations we have planned. Here's a bit more on the transboundary water item:

Tribes: Confederated Salish & Kootenai Tribes and Kootenai Tribe of Idaho
Consultation topic: Proposed site-specific WQS for selenium in Lake Koocanusa
Timing: June-Sept 2018

Thanks.

Spoke with Kim...her deadline COB on 4/25 this is a draft will this work to send to LT....Thanks Adele

Please see email below from Kim Varilek

Information she needs:

- Tribe
- Consultation Topic
- Timing

Please send your list to me by COB on 4/24/18 ..Keep in mind these are consultations that will happen and consultations that you anticipate to happen.

Thanks Adele

Subject: Question re: Tribal Consultations for 2nd half of 2018 (April 1 - September 30, 2018)

Good afternoon – I'm working to update the bi-annual formal tribal consultation estimate for the remainder of 2018. I'm reaching out to you to see if your program has any upcoming tribal consultation opportunities that you anticipate will occur or will need to occur between April 1 – September 30, 2018, regardless of whether or not you have already scheduled that consultation.

I already have the anticipated (but not yet scheduled) tribal consultation with the MHA regarding the Slawson UIC application and other UIC applications.

I have possible tribal consultation for Cheyenne River Sioux Tribe, Oglala Sioux Tribe, and the Ponca Tribe for Dewey Burdock, but not yet scheduled as well.

I also have a possible tribal consultation listed for CSKT regarding the trans-boundary/Lake Koocanusa issue, but this may not be fully developed yet.

This request is different than the planned travel to Indian country request I sent out early this year, and is part of the agency-wide bi-annual tribal consultation update effort.

Please let me know if you have any questions, and thank you for your help in identifying any tribal consultation opportunities that your program plans or anticipates through the end of the fiscal year.

Thanks! – Kim V.
